

# Even rocket scientists need librarians.

Yes, even the rocket scientists get concerned when library positions are in jeopardy. Because Wisconsin librarians connect us all to a world of information. They help train people for jobs, inspire new business startups and even provide a rocket boost to local economies. In fact, every tax dollar we invest in library services pays us back an average of four dollars in economic benefits to our communities. Yet library funding is in jeopardy. Book over to [WisconsinLibraries.org](http://WisconsinLibraries.org) to learn how you can help. Even if you're not a rocket scientist, supporting Wisconsin Libraries is a no-brainer.
