Wisconsin libraries spark the imagination and empower our citizens to make smart choices to better their lives. So it should come as no surprise that every tax dollar we invest in library services pays us back an average of four dollars in economic benefits to our communities. Yet at a time when our libraries rank in the top ten nationally for circulation and visits, we've slipped to 19th in funding. Book over to WisconsinLibraries.org to learn how you can help. Because it's time to power up our support.
